

CRSWSC

Capital Region Southwest
Water Services Commission

Procurement Policy

The Capital Region Southwest Water Services Commission (CRSWSC) procurement policy guides procurement decisions that provide best value for the Commission's needs. The CRSWSC promotes a competitive process in the acquisition of goods, services, and construction, needed to support the Commission's operations. The CRSWSC procurements align with the City of Leduc procurement policy and are in accordance with the legislated federal and provincial trade agreements, which aim to reduce and eliminate trade barriers across Canada.

All procurements for the CRSWSC go through the City of Leduc Engineering, Public Works and Finance departments.
