POLICY

Water Vault/Meter(s) Responsibility

At the July 3, 2003 Water Commission meeting, the Board of Directors passed the following resolution:

“-- that the Board of Directors approve the policy/procedure whereby it is the responsibility of the Commission to undertake the maintenance and associated costs of the water vault/meters and further, it is the landowners responsibility for the water line after the vault”.

* Please refer to the Master Plan Update 2001 (November) Water Supply Policy, prepared by Associated Engineering.
